

## INFRARED RADIANT HEATER

No matter if you set it up on the balcony, in the winter garden or on the patio, the infrared radiant heater EPH700 from scheppach offers two heat settings and ensures cosy warmth wherever a 230 V socket is available. The stable column takes up little space and the oscillation mode enables a 360-degree heat coverage.

- Heat capacity of either 350 or 700 watts
- Extensive heat coverage of 120 or 360 degrees thanks to the oscillation mode
- Easy to operate
- Space-saving design
- Completely silent and pleasant orange-red glow
- Stable, yet transportable with a weight of 2.5 kg and a practical handle
- Built-in anti-tip feature switches the device off
- No risk of burns thanks to the protective grate

Completely silent

Oszillationsfunktion:

I: 120°

II: 360°

Two heat levels:

I: 350 W

II: 700 W

including safety  
toggle switch
