LED Mirror Light - Java

The Java LED mirror light offers a **stylish and unique design** that stands out in any bathroom. This wall luminaire combines functionality with aesthetics, providing both practical lighting and a decorative element. With its **IP44 rating**, the Java light is waterproof and suitable for bathrooms and other spaces exposed to moisture.

The Java mirror light is equipped with a **2-CCT switch**, allowing you to easily adjust the color temperature to suit your preferences. This feature enhances the versatility of the light, making it adaptable to different lighting needs. The Java light is available in a single size of **580 mm**, making it **perfect for smaller spaces** or as an **accent light in larger rooms**.

LED Mirror Light - Bali

The Bali LED mirror light is a **decorative wall luminaire** that exemplifies modern design, making it an ideal addition to contemporary bathrooms. With its **sleek and stylish** appearance, it adds a touch of elegance while providing functional lighting. The Bali light is **IP44 rated**, ensuring it is waterproof and suitable for bathrooms and comparable spaces.

One of the standout features of the Bali mirror light is its flexibility, thanks to the **2-CCT switch**. This allows you to easily switch between two color temperatures, adapting the lighting to suit your mood and needs. Available in two different lengths, **600 mm and 900 mm**, the Bali light can fit various spaces (both horizontal and vertical installation), providing the right amount of illumination for your bathroom.

LED Mirror Light - Fiji

For those who prefer an **elegant and minimalistic design**, the Fiji LED mirror light is the perfect choice. This wall luminaire brings sleek sophistication to any room, effortlessly enhancing the aesthetics of your bathroom. Like the Bali, the Fiji light is **IP44 rated**, making it waterproof and ideal for use in bathrooms and similar environments.

With its professional **black finish**, the Fiji mirror light adds a touch of luxury to your bathroom. The high-quality finish not only looks elegant but also ensures durability and resistance to moisture. Whether you are looking to update your bathroom with a modern touch or create a sophisticated look, the Fiji LED mirror light is an excellent choice.

The Fiji mirror light also features a **2-CCT switch**, allowing you to customize your lighting experience by switching between two color temperatures. This flexibility ensures that you can create the perfect ambiance for any occasion. The Fiji light is available in two lengths, 600 mm and 900 mm, giving you options to fit your specific space requirements.
