

Let the Sunshine in

SDL Skylight Round
and Square

Let the sunshine in

Since we spend most of our time indoors, natural light is essential for our well-being.

Lighting can positively impact biological well-being, making careful planning essential.

- Supports natural circadian rhythm for healthier sleep-wake cycles
- Boosts focus and alertness throughout the day
- Enhances productivity by creating an optimal environment
- Contributes to better sleep quality and overall wellness

Why we love natural light

High
Brightness

Wide range of
color temperatures
of 1,800K to
12,000K

High quality of
light with perfect
colours
